Dear Posey:

I received your letter, and was certainly glad to get it. I could not understand why you had not wared me an answer.

I was glad to learn I can have a league team in Daytona Beach on Easter Sunday. I think the man who looks out for us would like to have a game there. However I would like to have The Red Caps, because Greer is giving me two dates in Jacksonville, and I would like to give him something in return if possible. I have written him and had been expecting to hear from him each day. I guess the reason he did not answer me was because you were taking care of his booking. Now Posey Easter Sunday is only three Sundays from this coming Sunday, and that is certainly not a lot of time to have printing done and publicity distributed. What ever team I am going to have I certainly should know by this week end.

I had a letter from The Mohawks asking for that day. I do not like to take an outside team and leave the league teams idle, but I do want someone. Please let me hear from you by return mail. I would like to haev Jacksonville if possible. If they have some other spot, then I would like to have some other league team.

I am writing Dr. Slack now to find out the name of the park we will play in. I had a letter today from Pollack of The Clowns telling me they were going to play The Monarchs Easter Sunday. I am not surprised at Mr Wilkinsons conduct after you folks let him take Satchell from me without a word of protest from anyone, you can expect him to do anything. I cant understand why you Negroes who have invested so much time, energy, and money in Negro baseball, wont wake up. However if there is anything I can do I will be glad to. I called Gottlieb in Phila. the other day and yold him what I had heard about Josh. He was dumbstruck. Is it true? If ther is anything I can do call on me. I think a written protest to our senators and congressmen might do a lot. Please answer at once.

Very Truly Yours
